**Overall Best Performer**

**Overall Patient Satisfaction**

We couldn't be more pleased that we have received a prestigious national award recognizing our outstanding patient satisfaction scores. The award is given by Avatar International, a leading research firm that surveys patients about their level of satisfaction with healthcare services. NMC is one of approximately 300 hospitals nationally using the Avatar system, and one of only 13 hospitals being recognized with this honor. NMC's score was within a single percentage point of the top overall score in the nation.
